

WAT ? Dit rapport toont vanuit de waargenomen 'master - soorten' welke de theoretisch belangrijke slave soorten in dit gebied kunnen zijn. De minder courante master - soorten staan **rood** opgekleurd.

WAAROM ? Bedoeling van deze lijst is om bvb. de belangrijke waardplanten te herkennen in een gebied op basis van de waargenomen insecten soorten.

HOE ? De relatie database bevat ondertussen een 26.000 relaties waarbij de nachtvlinders en wilde bijen quasi compleet zijn opgenomen. Deze relatie database wordt voor andere soortengroepen (kevers, wantsen, boorvliegen, ...) nog steeds verder aangevuld (informatie is welkom).

PS : De huidige lijst werkt op basis van de theoretisch mogelijke "slave" soorten (waardplanten, gastheer, prooi, ...) ze kan indien die info voorhanden is (op basis van observaties uit www.waarnemingen.be) ook gedraaid worden over effectief waargenomen planten in het gebied.

Allantus togatus - Geen nl. naam (common)

MACRO - MOTH - NACHTVLINDER (LEPIDOPTERA)

Acrionicta aceris - Bont schaapje (fairly common)

Acrionicta leporina - Schaapje (fairly common)

Calliteara pudibunda - Meriansborstel (common)

Cosmia trapezina - Hyena (common)

Cyclophora albipunctata - Berkenoogspanner (common)

Cyclophora punctaria - Gestippelde oogspanner (common)

Drepana falcataria - Berkeneenstaart (common)

Euplexia lucipara - Levertlek (fairly common)

Euproctis similis - Donsvlinder (fairly common)

Falcaria lacertinaria - Bleke eenstaart (fairly common)

Macaria alternata - Donker klaverblaadje (common)

Mimas tiliae - Lindepiljstaart (common)

Moma alpium - Gevlekte groenuil (fairly common)

Noctua fimbriata - Breedbandhuismoeder (common)

Notodonta dromedarius - Dromedaris (fairly common)

Notodonta tritophus - Wilgentandvlinder (fairly common)

Ochropacha duplaris - Tweestip-orvlinder (common)

Opisthograptis luteolata - Hagendoornvlinder (fairly common)

Orgyia antiqua - Witvlakvlinder (fairly common)

Orthosia cerasi - Tweestreeppoorjaarsuil (common)

Orthosia cruda - Kleine voorjaarsuil (fairly common)

Orthosia gothica - Nunvlinder (fairly common)

Phalera bucephala - Wapendrager (fairly common)

Pheosia gnoma - Berkenbrandvlerkvlinder (fairly common)

Pheosia tremula - Brandvlerkvlinder (fairly common)

Phlogophora meticulosa - Agaatvlinder (common)

Ptilodon capucina - Kroonvogeltje (fairly common)

Synanthedon spheciformis - Elzenwespvilinder (rare)

Xestia ditrapezium - Trapeziumuil (rare)

Xestia triangulum - Driehoekuil (common)

MICRO - MOTH - NACHTVLINDER (LEPIDOPTERA)

Colocasia coryli - Hazelaaruil (fairly common)

Nola confusalis - Vroeg visstaartje (fairly common)

Pseudoips prasinana - Zilveren groenuil (fairly common)

419

BUTTERFLIES - DAGVLINDER (LEPIDOPTERA)

Callophrys rubi - Groentje (fairly common)

Nymphalis antiopa - Rouwmantel (rare)

Nymphalis polychloros - Grote vos (rare)

Thecla betulae - Sleedoornpage (rare)

COLEOPTERA - KEVERS - BEETLES

Agrilus angustulus - Geen nl. naam (fairly common)

Agrilus viridis - Groen Smalbuikje (fairly common)

Altica oleracea - Altica oleracea (fairly common)

Ampedus balteatus - Geen nl. naam (fairly common)

Ampedus cinnabarinus - Geen nl. naam (fairly common)

Ampedus nigrinus - Geen nl. naam (fairly common)

Ampedus pomonae - Geen nl. naam (fairly common)

Ampedus pomorum - Geen nl. naam (fairly common)

Ampedus sanguinolentus - Geen nl. naam (fairly common)

Anaglyptus mysticus - Mierenboktor (fairly common)

Anoplus plantaris - Anoplus plantaris (fairly common)

Anostirus castaneus - Geen nl. naam (fairly common)

Bolitophagus reticulatus - Geen nl. naam (rare)

Byctiscus betulae - Berkensigarenmaker (fairly common)

Caenopsis fissirostris - Geen nl. naam (fairly common)

Cerylon ferrugineum - Geen nl. naam (fairly common)

Cerylon histeroideus - Geen nl. naam (fairly common)

Clytra laeviuscula - Geen nl. naam (fairly common)

Clytra quadripunctata - Gewone Mierenzakkever (rare)

Clytus arietis - Kleine Wespenbok (common)

Coeliodes nigratarsis - Geen nl. naam (fairly common)

Coeliodes rubicundus - Geen nl. naam (fairly common)

Corticeus unicolor - Geen nl. naam (fairly common)

Crepidodera aurea - Geen nl. naam (fairly common)

Crepidodera fulvicornis - Geen nl. naam (fairly common)

Cryptocephalus aureolus - Geen nl. naam (fairly common)

Cryptocephalus bipunctatus - Geen nl. naam (fairly common)

Cryptocephalus coryli - Geen nl. naam (fairly common)

Cryptocephalus decemmaculatus - Geen nl. naam (fairly common)

Cryptocephalus labiatus - Geen nl. naam (fairly common)

Cryptocephalus parvulus - Geen nl. naam (fairly common)

Cryptocephalus punctiger - Geen nl. naam (fairly common)

Cryptocephalus pusillus - Geen nl. naam (fairly common)

Cryptocephalus sexpunctatus - Geen nl. naam (fairly common)

Cryptorhynchus lapathi - Elzensnuitkever (fairly common)

Curculio betulae - Geen nl. naam (fairly common)

Deciduous trees - Geen nl. naam ?

45

is waardplant voor

45

COLEOPTERA - KEVERS - BEETLES

Alosterna tabacicolor - Geen nl. naam (fairly common)

Anaglyptus mysticus - Mierenboktor (fairly common)

Anisoxya fuscata - Geen nl. naam (fairly common)

Cerambyx scopolii - Eikenbok (rare)

Clytus arietis - Kleine Wespemboktor (common)

Dinoptera collaris - Geen nl. naam (rare)

Dorcus parallelipipedus - Klein Vliegend Hert (rare)

Gracilia minuta - Geen nl. naam (rare)

Grammoptera ruficornis - Gewone Bloesemboktor (fairly common)

Grammoptera ustulata - Gulden Bloesemboktor (rare)

Leiopus nebulosus - Nevelvlekbok (common)

Leptura quadrifasciata - Vierbandsmalbok (fairly common)

Melandrya caraboides - Geen nl. naam (fairly common)

Melolontha melolontha - Gewone Meikever (common)

Mesosa nebulosa - Grijze Schorsboktor (rare)

Nathrius brevipennis - Geen nl. naam (rare)

Obrium cantharinum - Geen nl. naam (rare)

Pachytodes cerambyciformis - Korte Smalboktor (fairly common)

Pedostrangalia revestita - Geen nl. naam (rare)

Phymatodes testaceus - Veranderlijke Boktor (common)

Plagionotus arcuatus - Grote Wespemboktor (fairly common)

Poecilium alni - Elzenboktor (fairly common)

Pogonocherus hispidulus - Mantelbaardbokje (rare)

Pogonocherus hispidus - Geen nl. naam (rare)

Prionus coriarius - Lederboktor (rare)

Pyrrhidium sanguineum - Geen nl. naam (common)

Rhagium bifasciatum - Bonte Ribbelboktor (fairly common)

Rhagium inquisitor - Grijze Ribbelboktor (fairly common)

Rhagium mordax - Geelzwarte Ribbelboktor (rare)

Saperda scalaris - Ladderpopulierenboktor (fairly common)

Scaphidema metallicum - Geen nl. naam (common)

Stenocorus meridianus - Geen nl. naam (rare)

Stenostola dubia - Geen nl. naam (rare)

Stenurella melanura - Zwartpuntsmalbok (fairly common)

Tomoxia bucephala - Geen nl. naam (fairly common)

Trichius fasciatus - Penseelkever (fairly common)

HEMIPTERA - WANTSEN - (SHIELD)BUGS

Aneurus avenius - Geen nl. naam (fairly common)

Diatrype disciformis - Hoekig Schorsschijfje (fairly common)
 Diatrype stigma - Korstvormig schorsschijfje (fairly common)
 Durella connivens - Beukenroetschotelkje (fairly common)
 Elaphomyces muricatus - Stekelige Hertentruffel (rare)
 Eutypa spinosa - Stekelige Korstkogelzwam (fairly common)
 Eutypella quaternata - Kwartetschorsschijfje (fairly common)
 Flammulaster carpophilus - Beukendopvloksteeltje (fairly common)
 Fomes fomentarius - Echte tonderzwam (fairly common)
 Gautieria morchellaeformis - Grove sponstruffel (rare)
 Gautieria otthii - Stinkende Sponstruffel (rare)
 Gyroporus cyanescens - Indigoboleet (rare)
 Hebeloma birrus - Dwergvaalhoed (rare)
 Hericium coralloides - Kammetjesstekelzwam (rare)
 Hericium erinaceus - Pruikzwam (rare)
 Hohenbuehelia auriscalpium - Spatelharpoenzwam (fairly common)
 Hydnellum condescens - Gezoneerde Stekelzwam (rare)
 Hydnellum spongiosipes - Fluwelige Stekelzwam (rare)
 Hydnobolites cerebriformis - Bleke Hersentruffel (fairly common)
 Hydnum repandum - Gele Stekelzwam (rare)
 Hygrophorus discoxanthus - Verkleurende Slijmkop (rare)
 Hygrophorus eburneus - Ivoorzwam (rare)
 Hygrophorus mesotephrus - Tengere Slijmkop (rare)
 Hygrophorus penarius - Droge Slijmkop (rare)
 Hygrophorus poetarum - Perenslijmkop (rare)
 Hygrophorus russula - Roze slijmkop (rare)
 Hygrophorus unicolor - Bleekrandslijmkop (rare)
 Hymenogaster vulgaris - Gewone Zijdetruffel (rare)
 Hymenoscyphus fagineus - Beukennapvlieskelkje (fairly common)
 Hymenoscyphus fructigenus - Eikeldopzwam (fairly common)
 Hymenoscyphus serotinus - Laat Vlieskelkje (fairly common)
 Hypoxylon cohaerens - Kasseienkogelzwam (fairly common)
 Hypoxylon fragiforme - Roestbruine Kogelzwam (fairly common)
 Hypoxylon rutilum - Blozende Korstkogelzwam (fairly common)
 Inocybe albomarginata - Kleinsporige Knolvezelkop (rare)
 Inocybe asterospora - Sterspoorvezelkop (fairly common)
 Inocybe bongardii - Geurende en Vissige Vezelkop (rare)
 Inocybe bresadolae - Rossige Vezelkop (rare)
 Inocybe brunneorufa - Kleine Sterspoorvezelkop (rare)
 Inocybe cervicolor - Muffe Vezelkop (rare)
 Inocybe cincinnata - Violetbruine vezelkop (fairly common)
 Inocybe cookei - Gladde knolvezelkop (fairly common)
 Inocybe corydalina - Groenige incl. Schubbige perenvezelkop (rare)
 Inocybe erubescens - Giftige Vezelkop (rare)
 Inocybe fraudans - Perenvezelkop (rare)

Hydria undulata - Gegolfde spanner (fairly common)
 Lomaspilis marginata - Gerande spanner (fairly common)
 Lycia hirtaria - Dunvlerkspanner (fairly common)
Synanthedon culiciformis - Berkenwespvliender (rare)
 Tethea ocularis - Peppel-orvlinder (fairly common)
 Tethea or - Orvlinder (fairly common)

MICRO - MOTH - NACHTVLINDER (LEPIDOPTERA)

Acleris emargana - Gehakkelde bladroller (fairly common)
 Acleris hastiana - Kameleonbladroller (fairly common)
 Acleris laterana - Variabele driehoekbladroller (fairly common)
 Acleris notana - Oranje boogbladroller (common)
Acleris scabrana - Zwartnekboogbladroller (rare)
 Adoxophyes orana - Vruchtbladroller (fairly common)
 Anacamptis populella - Populierenspikkelpalpmot (fairly common)
Ancylis tineana - Bruine haakbladroller (rare)
 Ancylis unculana - Purperrode haakbladroller (common)
 Apotomis capreana - Wilgenmarmarbladroller (fairly common)
 Apotomis turbidana - Zwartwitte marmarbladroller (fairly common)
 Archips crataegana - Meidoornbladroller (fairly common)
 Archips xylosteana - Gevlamde bladroller (fairly common)
 Caloptilia stigmatella - Wilgenstelmtot (fairly common)
Choristoneura diversana - Schijfbandbladroller (rare)
 Clepsia spectrana - Koolbladroller (fairly common)
 Cossus cossus - Wilgenhoutvlinder (common)
 Diurina lipsiella - Herfstkortvleugelmot (fairly common)
 Epinotia ramella - Gemarmerde oogbladroller (fairly common)
 Gelechia muscosella - Donkere haakpalpmot (fairly common)
Gelechia rhombelliformis - Harpoenpalpmot (rare)
 Gypsonoma aceriana - Populierenscheutboorder (fairly common)
 Gypsonoma nitidulana - Grijze populierenbladroller (fairly common)
 Gypsonoma oppressana - Zwartepopulierenbladroller (fairly common)
 Gypsonoma sociana - Witsnuitpopulierenbladroller (fairly common)
 Hedyia salicella - Pinguinje (fairly common)
 Leucoptera sinuella - Populierensneeuwmot (fairly common)
 Oecophora bractella - Molmboorder (common)
Phtheochroa schreibersiana - Tweekleurig smalsnuitje (rare)
 Phyllocnistis unipunctella - Eenstipslakkenspoormot (common)
 Phyllocnistis xenia - Printplaatmot (fairly common)
 Phyllonorycter pastorella - Late wilgenvouwmot (fairly common)
 Sciota rhenella - Oranje bandlichtmot (fairly common)
 Tortrix viridana - Groene eikenbladroller (common)

459

BUTTERFLIES - DAGVLINDER (LEPIDOPTERA)**Apatura ilia - Kleine weerschijnvlinder (rare)****Apatura iris - Grote weerschijnvlinder (rare)**

Callophrys rubi - Groentje (fairly common)

Nymphalis antiopa - Rouwmantel (rare)**Nymphalis polychloros - Grote vos (rare)****Plebejus argus - Heideblauwtje (rare)**

Polygonia c-album - Gehakkelde aurelia (common)

Vanessa atalanta - Atalanta (common)

COLEOPTERA - KEVERS - BEETLES

Acalyptus carpini - Geen nl. naam (fairly common)

Agrilus laticornis - Geen nl. naam (fairly common)

Agrilus viridis - Groen Smalbuikje (fairly common)

Ampedus balteatus - Geen nl. naam (fairly common)

Ampedus cinnabarinus - Geen nl. naam (fairly common)

Ampedus nigrinus - Geen nl. naam (fairly common)

Ampedus pomonae - Geen nl. naam (fairly common)

Ampedus pomorum - Geen nl. naam (fairly common)

Ampedus praeustus - Geen nl. naam (fairly common)

Ampedus sanguinolentus - Geen nl. naam (fairly common)

Anisoxya fuscata - Geen nl. naam (fairly common)

Anostirus castaneus - Geen nl. naam (fairly common)

Apoderus coryli - Hazelaarbladrolkever (common)

Aromia moschata - Muskusboktor (rare)

Atomaria zetterstedti - Geen nl. naam (fairly common)

Attelabus nitens - Eikenbladrolkever (fairly common)

Byctiscus betulae - Berkensigarenmaker (fairly common)

Byctiscus populi - Populierensigarenmaker (fairly common)

Byturus ochraceus - Geen nl. naam (fairly common)

Callidium violaceum - Paarse Metaalboktor (rare)**Cerambyx cerdo - Heldenbok (rare)**

Chrysomela populi - Groot Populierenhaantje (fairly common)

Chrysomela tremula - Geen nl. naam (fairly common)

Clytra laeviuscula - Geen nl. naam (fairly common)

Clytra quadripunctata - Gewone Mierenzakkever (rare)

Clytus arietis - Kleine Wespenbok (common)

Cossonus linearis - Geen nl. naam (fairly common)

Cossonus parralelepipedus - Geen nl. naam (fairly common)

Crepidodera aurata - Geen nl. naam (common)

Crepidodera aurea - Geen nl. naam (fairly common)

Crepidodera fulvicornis - Geen nl. naam (fairly common)

Crepidodera plutus - Geen nl. naam (fairly common)
